1897 6 June

Birth of May.Monde , city of Annaba, birth Parents are identified as Liehna Saidi and Hakiro Monde , immigrants of South Africa who moved with the help of French scientific representatives who needed native knowledge. Liehna is a stay at home wife . The house knows a older sister named Mia Monde , older by 3 years. The house had to convert to Christianity due to the oppression of the French troops on the land.

Life in home information :

The house has a hierarchical system , May Monde will become the man of the house eventually, noting difficulties for it to gain a powerful stance.

Hakiro Monde is not often located in the house , leaving the house for scientific research with George Forsure for days , weeks and sometimes months . He returns with what seems to be , gifts . Material resources noted.

Liehna Monde has ingrained a army like mindset in the hopes that her children will get in the army to escape the colonial troops , methods could , in the current date, be seen as abusing. Debatable data.

1903 , 7 September

Birth of Salin Monde , girl , she has inherited half of Hakiro Monde's recognizable eyes , a blessing for her future, physically removable.

1904 12 may

After investigating by the window sights , Hakiro Monde has raped May.Monde. It was pinned to the ground of the kitchen floor while Liehna Saidi was not home . Data to be studied after the denial of such an act by the 1925 written denial of accusation by May . Monde itself

: “ no penetration act was made upon me in my childhood, I know nothing of the subject and any rumor of incestuous relationship I had with my biological father is false.”

defense to an accusation held by Mariamo Khan ,1925 , May.Monde to the I.P

No interactions were made, the act is noted in the data, material resources were archived.

Life in the home information:

Liehna has taken the help of old soldiers who retired from the troops to educate her son , older daughter has been forced into a “traditional” woman role . Important to Note that such favoritism is punished by Mia herself towards her younger brother May.Monde when their mother do not watch

May.Monde takes more care affectionately of Salin than most , no affectionate friendships noted , May.Monde is no child that leaves the house.
Hakiro Monde has been observed entertaining close quarters relationship with his son , yet showers it with affectionate gestures in opposition to Liehna Saidi . It is the source of many arguments. It seems like the relationship with his son is known, no act has been made to stop it.

1905 February 20

Information on Emilia Cabrera :

works for the Kitty claws , even after many warnings of illegitimate actions against the council . Tonatiuh Collazo has kept her as a travelling Intel . Participating in the coast Intel propagation , she arrived in Annaba .

She lives in a kegare property not yet claimed by the French troops. Meeting with May.Monde on February 20. The meeting went wrong immediately with a threat. A call from the Kitty claws has settled the tension . After speaking with the Kegare ambassador of the South , deal was made.
